

# THANK YOU!

## Newspapers in Education Sponsors are Committed to Education

The following sponsors help promote children's literacy and education with a classroom subscription to the Austin American-Statesman, curriculum guides, lesson plans and so much more.

Newspapers make learning more interesting for students by providing real-world information about the subjects they are studying.

By supporting Newspapers in Education, our sponsors help today's youth develop a lifelong habit of staying informed about the world around them. It's an easy and affordable way to make a world of difference. Thank you for sponsoring Newspapers in Education.
